

Yolo County ARES Great California Shakeout Exercise

October 16, 2014

The [Great California Shakeout](#) Drill is being designed to test the following procedures:

- Yolo County ARES call out procedures through everbridge and announcements on the BARK Repeater **FREQ: 146.9700MHz** **OFFSET: Negative (-)** **PL: 123.0**.
- Start a net after a disaster and log Names, Call signs, Location, and status. This will be an open net, and ARES members and then visitors will be asked to check in. Check ins will be accepted via radio, or echolink node # 750550.
- email (gramps55@gmail.com), Yolo ARES net control stations will track and log check ins, location of check ins, and current status and damage reports.
- For the Great California Shakeout you can also check in these alternate ways:
 1. Email to gramps55@gmail.com
 2. Packet send a message to "SHAKE" on the ares bbs connect ares via kberr, Send message to "SHAKE"
"SHAKE" is the tactical p[acket address we will use for this exercise.
 3. Send a message via winlink to K6WLS
If sent via email to winlink to K6WLS use the subject "//WL2K Shakeout"
 4. Via packet bulletin board address mail to:
k6wls@ag6qo.#nca.ca.usa.noam
or connect to the AG6QO-1 bbs on 144.370 via berr37
